FEATURED ARTICLES

The Evolution of Banking

By Bridget M. Quinn

With banking regulation at an all-time high, the number of institutions appears to be at an all-time low, and still on the decline. So where has all the banking gone and what is banking today? Click [here](#) to read the article.

Possible Regulatory Relief on Horizon for Community Financial Institutions

By Scott Anderson

The Dodd Frank Act has had a significant impact on financial institutions. While the bill was designed to protect the interests of consumers, some might argue that at the community bank and credit union level, it has actually harmed consumers who rely on these smaller financial institutions. The PCAOB's New Reporting Standard Provides Enhanced Audit Information

By Roberto Bolanos and Howard Cohen

On June 1, 2017, the Public Company Accounting Oversight Board (PCAOB) adopted a new reporting standard that will provide investors and other financial statement users with more relevant and useful information about the audit. The new standard is the first major change to the auditor's report in over 70 years, and will significantly transform the auditor's reporting mode. Click [here](#) to read article.
